

VANGUARD SERIES

Internal Halyard Ground Set Cone Tapered Aluminum Flagpoles

The Vanguard series of flagpoles combine the security of a concealed halyard system with the simplicity of a rope halyard. While lacking the convenience and sophistication of a winch operated system, the Vanguard provides an intelligent, economical alternative to deluxe concealed halyard systems. The Vanguard's wire center halyard runs through a stationary truck and is secured in a cam action cleat located inside the flagpole behind a lockable access door. All fittings for a complete installation are included: gold anodized aluminum ball ornament, swivel flag snaps with vinyl covers, retaining ring, counterweight, a stainless steel quick link to make all necessary connections, spun aluminum flash collar and galvanized steel foundation sleeve.

MODEL	EXPOSED HEIGHT	OVERALL LENGTH	BUTT DIA.	TOP DIA.	WALL	MAX. UNFLAGGED WIND SPEED	MAX. FLAGGED WIND SPEED	SUGGESTED FLAG SIZE	SHIPPING WEIGHT
